INDEX TO VOLUME II.

PAGE

A

Aboriginal children, lactose maldigestion in Australian (abstract) ... 178

Abstracts of papers:

Australian Paediatric Association, 11th Annual Meeting ... 177

Anaemia related to infections, toxic states and chronic ill health in childhood, ... 183

aplastic, the varied pattern of, ... 228

Anal canal, imperforate anal membrane — the anatomy and function of the sphincters of the anal canal ... 165

Anderson, C. M., *see* Burke, V.

Angiocardiography, pulmonary atresia with intact ventricular septum. A series of 10 cases examined by selective angiocardiography, ... 237

Antepartum haemorrhage, the effect of, on the health of the child ... 127

Aortic stenosis in childhood, a clinical review of 135 cases ... 146

Aplastic anaemia, the varied pattern in childhood, ... 228

Arthrogryposis multiplex congenita, the early correction of the deformities in, ... 194

Asthma in childhood, some observations on precipitating factors, ... 16

———the response of children with intractable asthma to residential care (abstract) ... 180

Australian Paediatric Association:

Proceedings of the 11th Annual Meeting ... 177

Abstracts of papers ... 177

B

Bacteraemia, staphyloccal, in childhood, a review of 106 cases ... 150

Banner, L. J.: *see* Taft, L. I.

Barrow, N. and Simpson, D. A. Cranium bifidum, investigation, prognosis and management ... 20

Behaviour disorders, factors relating to, ... 70

Beveridge, J., *see* Harris, M. J. and Wise G. *see also* O'Gorman Hughes, D. W.

Biliary atresia, studies of the aetiology of neonatal hepatitis and, interaction of genes and viruses (abstract) ... 180

Bobath, K.: Theoretical and practical aspects of cerebral paresis ... 81

Boundy, C. A. P., *see* Cullen, K. J.

Bowdler, J. D., *see* Grattan-Smith, P., *et al*

Bowring, A. C.: Teaching in paediatric surgery (abstract) ... 180

Burke, V.: Familial dysautonomia ... 58

PAGE

———and Anderson, C. M. Chronic volvulus as a cause of hypoproteinaemia, oedema and tetany, ... 113

———Sugar intolerance as a cause of protracted diarrhoea following surgery of the gastro-intestinal tract in neonates ... 219

Burnell, R. H., *see* Maxwell, G. M. and Wurfel, L.

C

Campbell, P. E., *see* Danks, D. M., *et al. see also* Ekert H.

Cardiology, aspects of paediatric, a review of 512 new cases seen in one year in a paediatric unit ... 93

Cataract, discordant, formation in developing human twins ... 134

Celemajer, J. M. Meningococcal septicaemia, report of 2 cases treated with isoproterenol and heparin, ... 169

———*see* Grattan-Smith, P., *et al.*

Evans, H. J., James, A. Lovric, V. A.

———Anaemia related to infections, toxic states and chronic ill health in childhood ... 183

Cerebral paresis, theoretical and practical aspects of, ... 81

Chemotherapy, to meet the challenge in neuroblastoma (abstract) ... 177

Chloramphenicol, observations on toxity (abstract) ... 179

———haemopoietic toxity, evaluation of erothrocyte and plasma concentrations (abstract) ... 179

Cole, R. A. *see* Danks, D. M., *et al.*

Colebatch, J. H. and Rice, M. S.: Neuroblastoma, chemotherapy to meet the challenge (abstract) ... 177

Congenital, cyanotic heart disease (Triology of Fallot) in one of identical twins ... 53

Congenital dislocation of the hip, early diagnosis of ... 174

———heart disease, growth in, ... 188

———spinal tumour, a rare cause of the 'Floppy infant syndrome ... 49

Cranium bifidum, investigation, prognosis and management ... 20

Craven, D. M.: The effect of antepartum haemorrhage on the health of the child ... 127

Crespigny, G. C. de: Obituary notice ... 65

obituary ... 125

Crisp, R. H.: obituary notice ... 176

obituary ... 243

Cullen, K. J. and Boundy, C. A. P.: Factors relating to behaviour disorders in children 70

PAGE

Cushing's syndrome in a young girl 118

Cytomegalovirus infection, clinical manifestations of, exemplified by case reports (abstract) 181

———in infancy, cultural and serological aspects of (abstract) 181

D

Danks, D. M., Cole, R. A., Jack, I., and Campbell, P. E.:

Studies of the aetiology of neonatal hepatitis and biliary atresia, interaction of genes and viruses (abstract) 180

Diarrhoea, sugar intolarance as a cause of, following gastric intestinal surgery in neonates 219

Dugdale, A. E.: Food intakes of Australian infants (abstract) 178

Dysautonomia, familial 58

E

Edmonds, A. R.: A comparison between infant mortality in 'Metropolitan' and 'Other' statistical divisions in Australia (abstract) 178

Ekert, H. and Campbell, P. E. Histiocytosis X. A review of experience at the Royal Children's Hospital, Melbourne 1948-1963 139

Elliott, R. B. and Maxwell, G. M. Lactose maldigestion in Australian Aboriginal children (abstract) 178

Enteritis, regional in children 207

Evans, H. J., *see* Celemajer, J. M., *et al.* 183

F

Familial dysautonomia 58

Findlay, I. I.: Aortic stenosis in childhood, a clinical review of 135 cases 146

'Floppy Infant' syndrome, congenital spinal tumour, a rare cause of 49

Food intakes of Australian infants (abstract) 178

Fulton, J. C.: obituary notice 65

obituary 126

G

Gengos, D. C., *see* Grattan-Smith, *et al.* 237

Graham, H. B.: obituary 64

Grattan-Smith, P., Celemajer, J. M., Bowdler, J. D., and Gengos, D. C.: Pulmonary atresia with intact ventricular septum. A series of 10 cases examined by selective angiocardiography 237

Gregg, N. McA.: obituary notice 176

obituary 242

H

Haemorrahagic syndrome of infancy after the neonatal period (abstract) 179

Harley, J. D., Menser, M. A., Quoyle, J. C., and Hertzberg, R.: Discordant cataract formation in developing human twins 134

PAGE

Harris, M. J., Wise, G., and Beveridge, J.: The Stevens-Johnson syndrome and long-acting sulphonamides 103

Heart disease, congenital, a study of growth in, with a note on the effect of surgery 188

cyanotic congenital (Triology of Fallot) in one of identical twins 53

Heparin and isoproterenol, meningococcal septicaemia, report of 2 cases treated with, 169

Hepatitis and biliary atresia, studies of the aetiology of neonatal, interaction of genes and viruses (abstract) 180

Hepburn, S., *see* Isbister, C. and Mayer, L.

Hertzberg, R., see Harley, J. D., *et al.*

Hip, congenital dislocation of, early diagnosis of 174

Histiocytosis X. A review of experience at the Royal Children's Hospital, Melbourne 1948-1963 139

Hobday, J. D.: Asthma in childhood, some observations on precipitating factors 16

Homocystinuria. (abstract) 179

Hopkins, I. J.: Congenital spinal tumour, a rare cause of the 'Floppy infant' syndrome 49

Hypoproteinaemia, oedema and tetany, chronic volvulus as cause of, ... 113

I

Ilberry, P. T. L., Alexander, J. M.: An inherited translocation trisomy C/E with partial trisomy 17 (abstract) 180

Incidental intelligence, the early diagnosis of congenital dislocation of the hip 174

Isbister, C., Mayer, L., and Hepburn, S.: The response of children with intractable asthma to residential care (abstract) 180

Isoproterenol and heparin, meningococcal septicaemia, report of 2 cases treated with, 169

J

Jack, I.: Cultural and serological aspects of cytomegalovirus infection in infancy (abstract) 181

see Danks, D. M., *et al.*

James, A., *see* Celermajer, H. J., *et al.*

Johnson, J. M., *see* Towns, J. W. and Roche, A. F.
